Railro	ad loading platforms of	n the Kharmanli - Sv	ilengrad rai	lway line	are located	
ne fol	107704					
as IOI	Tows:			•		
as ioi a. At	Lows: Kharmanli, at the sou	theastern exit of th	e station and	l south o	f the railwa	y
as ioi a. At li	Tows:	theastern exit of th	rm which is)	100-500 m	f the railwa	y
as ion a. At li an b. At	Kharmanli, at the sound ne leading to Svilengrad is located on a branch Biser (N 41-52, E 26-6	theastern exit of the ad, a loading platforch line which has a	rm which is l gentle curve; heast of the	100-500 m	f the railwa	
as ion a. At li an b. At	Kharmanli, at the sounce leading to Svilengra	theastern exit of the ad, a loading platforch line which has a	rm which is l gentle curve; heast of the	100-500 m	f the railwa	
as IOI a. At li an b. At th	Kharmanli, at the sound ne leading to Svilengrad is located on a branch Biser (N 41-52, E 26-0 e south railwayline, a	theastern exit of the ad, a loading platforth line which has a cool, 200 meters sout loading platform where 26-05), at approxim	rm which is learners gentle curve; heast of the ich is 300 me	station atters long	f the railwa eters long and overlook g;	ing
as IOI a. At li an b. At th	Kharmanli, at the sourne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-6 e south railwayline, a Lyubimets (N 41-51, E ilway station and over	theastern exit of the ad, a loading platforth line which has a coo), 200 meters sout loading platform who cooking the north resolution to the cooking the north resolution.	rm which is learners gentle curve; heast of the ich is 300 me	station atters long	f the railwa eters long and overlook g;	ing
as ion a. At li an b. At th c. At ra	Kharmanli, at the sourne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-0 e south railwayline, a Lyubimets (N 41-51, E ilway station and overlast 500 meters long; an	theastern exit of the ad, a loading platfoch line which has a co), 200 meters sout loading platform where 26-05), at approximate the contract of the contract	rm which is least of the ich is 300 metately 100 metately ine, a	station asters longuers north	f the railwa eters long and overlook g; hwest of the platform at	ing
as ion a. At li an b. At th c. At ra le	Kharmanli, at the sourne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-0 e south railwayline, a Lyubimets (N 41-51, E ilway station and overlast 500 meters long; ar Svilengrad, at approxi	theastern exit of the ad, a loading platfoch line which has a co), 200 meters sout loading platform where 26-05), at approximately 100 meters in the actual control of the actua	rm which is a gentle curve; heast of the ich is 300 metately 100 metately ine, a orthwest of the	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sour ne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-(e south railwayline, a Lyubimets (N 41-51, E ilway station and overleast 500 meters long; ar Svilengrad, at approxid overlooking the north	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sourne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-0 e south railwayline, a Lyubimets (N 41-51, E ilway station and overlast 500 meters long; ar Svilengrad, at approxi	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sour ne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-(e south railwayline, a Lyubimets (N 41-51, E ilway station and overleast 500 meters long; ar Svilengrad, at approxid overlooking the north	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sour ne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-(e south railwayline, a Lyubimets (N 41-51, E ilway station and overleast 500 meters long; ar Svilengrad, at approxid overlooking the north	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sour ne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-(e south railwayline, a Lyubimets (N 41-51, E ilway station and overleast 500 meters long; ar Svilengrad, at approxid overlooking the north	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at ay station meters long.	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sour ne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-(e south railwayline, a Lyubimets (N 41-51, E ilway station and overleast 500 meters long; ar Svilengrad, at approxid overlooking the north	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at ay station meters long.	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sour ne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-(e south railwayline, a Lyubimets (N 41-51, E ilway station and overleast 500 meters long; ar Svilengrad, at approxid overlooking the north	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at ay station meters long.	ing
as IOI a. At li an b. At th c. At ra le d. At	Kharmanli, at the sour ne leading to Svilengrad is located on a brance. Biser (N 41-52, E 26-(e south railwayline, a Lyubimets (N 41-51, E ilway station and overleast 500 meters long; ar Svilengrad, at approxid overlooking the north	theastern exit of the ad, a loading platform which has a cool, 200 meters sout loading platform who coking the north rand mately 100 meters no a railwayline, a load	rm which is a gentle curve; heast of the ich is 300 metately 100 metately line, a orthwest of the ding platform	station a sters long errs north loading p	f the railwa eters long and overlook g; hwest of the platform at ay station meters long.	ing
